SYSTEMATIC REVIEW: A TOOL FOR EVIDENCE BASED PRACTICE

OVERVIEW

Systematic reviews integrate conscientious, explicit and judicious use of best evidences for exemplary decision making. A high – quality systematic review is the most reliable source of evidence based practice, generated from synthesized research findings.

In the health care sector systematic reviews provide highest level of evidence for quality patient care.

Nurses in various sectors perform vital roles in assimilating evidences for providing quality health services to the mankind globally. Despite nurses conducting independent and interdisciplinary researches, the contribution on systematic review continues to reside in a liminal space.

About Mumbai & Navi Mumbai

Mumbai (formerly called Bombay) is a densely populated city on west coast of India. It is the biggest financial, commercial & entertainment capital of India. On the Mumbai Harbour waterfront stands the iconic Gateway of India stone arch, built by the British Raj in 1924. Offshore, nearby Elephanta Island holds ancient cave temples.

Navi Mumbai is a planned city off the west coast of Maharashtra. It is situated across two districts namely Thane & Raigad. It also has various recreational facilities such as a Golf course, Central Park & Pandavkada Water falls in Kharghar, Parsik Hill near Belapur, Wonders Park & Jewel of Navi Mumbai in Seawoods, Mini Seashore Juhu Chowpatty in Juhunagar or Sagar Vihar in Vashi, Pirwadi & Mankeshwar Beach in Uran & several other public places like gardens & jogging tracks. The city also hubs many restaurants, luxury hotels & shopping malls.
